

NEIS-PSU -12 V DC Switched mode power supply

Bhi part no.	NEIS-PSU
Description	Medical Switch mode power supply
Type	Switch mode
Input Voltage:	100 – 240V AC
Input Current	400mA
Frequency	50 – 60Hz
Efficiency	80%
Package type	Plug top
Output voltage	12V DC 2M lead length
Output current	1.25A
Leakage current	<10Ua
Operating Temp.	0 deg C to 40 deg C at max load
Storage temp.	-40 deg C to 70 deg C
Input transient Susceptibility	Complies with IEC 61000
Safety standards	IEC60601-1 & UL2601
LED indicator	Green = on
Plug connectors AC input	EURO, UK, USA/Japan. Australia. ROW
Number of outputs	1
MTBF	>200,000 hrs
Weight	127g
Dims	88 mm x 52mm x 34mm
Dims boxed	130mm x 90mm x 63mm
RoHS approval	Yes
